## Vehicle History Report + Lien Check

Lien Check

1D7RV1CT1BS695154

✓ No lien records found in **Alberta**.

### How We Check for Liens

CARFAX Canada uses the VIN to search government records in each Canadian province and territory (excluding Northwest Territories) where the vehicle is currently registered and where it has historically been registered. We do not check for liens or title in any U.S. state.

If a VIN has no registration records in Canada, we cannot check for liens. We cannot guarantee lien checks on trailers, recreational vehicles or heavy-duty equipment.

Purchasers should always get written confirmation from vendors that there is no lien on the vehicle.

### CARFAX Canada Canadian Lien Guarantee

If for some reason our lien check fails to accurately reflect the Canadian enforceable lien status of a vehicle at the time of the search, CARFAX Canada will reimburse the party that purchased the report and relied on it to their detriment to a maximum amount of (1) the value of the car (2) the value of the lien (3) Five Thousand Dollars Canadian (\$5,000.00), whichever is lower.

## Open Recalls

Recall #: U04 | 2009-2012 DS/DX FRAME BRACKET Recall Date: 2018 Mar 16

### Recall Description

The front fuel tank strap frame T-Slot bracket on the above-mentioned vehicles may corrode permitting the front fuel tank strap to detach. With the front fuel tank strap detached, the rear strap primarily secures the fuel tank, however, the front of the fuel tank may be allowed to lower several inches.

### Remedy

FCA US will conduct a voluntary safety recall to install a fuel tank strap reinforcement bracket on all of the involved vehicles. If the fuel tank strap is found to be disconnected from the original frame bracket, the front and rear fuel tanks straps as well as the locking nuts, will be replaced.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact DODGE or visit [Dodge's website](#).
